TURNKEY HIGH SCHOOL, COLLEGE & CTE FACILITATOR GUIDE

Right Now: 60-Minute Student Purpose & Hiring-Table Lab

Designed for High School Senior Seminars, College First-Year Experience (FYE), Career & Technical Education (CTE), Student Government, and Business Communication courses using Right Now, I'm Right Where I'm Supposed to Be.

Module 1 (15 Min) — Society's Stopwatch vs. Your Preparation Spiral (Chapters 1–4)

• Prompt: Ask students to list two "ordinary" responsibilities they carry today (part-time shift, caring for siblings, athletics, club logistics).

FACILITATOR COACHING KEY — THE SKILL SET OF THE UNSPECIALIZED

Core Takeaway: Employers don't hire job titles; they hire transferable proof of reliability. Stocking shelves teaches inventory control; closing a register teaches cash accountability; calming an upset customer teaches executive conflict resolution.

Module 2 (20 Min) — Live 10,000-Interview Hiring-Table Mock Drill (Chapter 5 & Workbook I)

• Pair students face-to-face as Interviewer and Candidate using 3 prompts from Derrick's 21-Question Lab:

1. "Tell me about a time nobody was watching, and you still did the job the right way."
2. "When a teammate drops the ball five minutes before deadline, what is your first move?"
3. "How do you define success when the scoreboard isn't applause or title?"

HIRING-DESK SCORING KEY — WHAT SEPARATES TOP 5% CANDIDATES

Strong Answer Pattern: Owns specific actions ("I stayed twelve extra minutes to recount the inventory") without blaming coworkers. Weak answers recite vague adjectives ("I'm a perfectionist") with zero real-world story.

Modules 3 & 4: Composure Under Pressure & 30-Day Alignment

Module 3 (15 Min) — The 3-Second Reaction Pause & "Good Question" Method (Chapter 6)

• Scenario Drill: Present a high-friction moment (unfair grade critique, tense shift supervisor, or tough interview curveball). Have students practice pausing for three full seconds before responding with a calm, clarifying open question.

COACHING KEY — MASTERING THE SPACE BETWEEN PEOPLE

Why 3 Seconds Changes Everything: Reactive speed hands control of your future to whoever provoked you. Three silent seconds engages executive reasoning, lowers room tension, and projects leadership maturity beyond your age.

Module 4 (10 Min) — Signing the Personal Declaration of Alignment (Workbook Section IV)

• Have every student turn to Workbook Section IV in their copy of Right Now to write down:

1. One Detour I Am Releasing from Shame: Recognizing how past challenges built present resilience.

2. One Daily Discipline for the Next 30 Days: Punctuality, reading 10 pages/day, or mastering interview delivery.

3. Signed & Witnessed Commitment: Students sign and date their declaration just like an official milestone.

BRING DERRICK SPRUILL, MBA TO LEAD THIS LAB LIVE AT YOUR SCHOOL IN 2027

Schools adopting 50+ student copies receive a complimentary virtual Q&A;, and 100+ copy adoptions receive priority scheduling for Derrick's 2027 in-person High School & College Tour. Visit NotaryKnowledge.com/right-now or call 1-833-462-4632.
